

## **ACTION TAKEN REPORT OF FEEDBACK FROM STAKEHOLDERS 2014-15**

- Industrial training for a period as specified in the curriculum during summer / winter vacation is made mandatory and credited. The students may undergo Internship at Research organization / University/ Industry, which will enhance their field knowledge and to gain exposure to industry activities, thereby reducing the gap between theory and practice.
- One Industrial Visit per subject ever year starting from the second year of the Programme too gives lot of field exposure.
- Students are permitted to enrol online courses (as per the curriculum requirements) with the approval of the Departmental Consultative Committee and the Centre for Academic Courses, subject to a maximum of three credits.
- The students conduct GREENICS (Inter College Symposium) through which industrial collaborations happen and they gain better knowledge. KRISHI was an event and organized within the college where the students involve in paper presentation which enhances their communication skills.
- The students were given guest lectures by experts/Government Officials through the Society of Agricultural and Irrigation Engineers as and when required.
