

**Division of Structural Engineering,**  
**Department of Civil Engineering**

**Programme: M.E.Structural Engineering**

**Action Taken Report in 'Curriculum and Syllabus R2019'**

1. These subject were changed to 3 lecture hours and 1 tutorial hour. The credit for the subject was changed accordingly as 4.
2. Technical seminar was shifted to I semester
3. 'Practical Training' duration is extended for 4 weeks and the credit was changed to 2
4. A new laboratory course "Numerical and Finite Element Analysis Laboratory" was introduced.
5. A new laboratory course "Structural Design Studio" was introduced.
6. New Elective subjects such as Reliability Analysis of Structures, Design of Formwork, Advanced Design of Foundation Structures, and Design of High Rise Structures were include in the syllabus.

  
Signature of the Faculty in-charge  
25/10/19.  
Dr. S. RAHIMA SHABEEN, Ph.D., (IITM)  
Assistant Professor  
Department of Civil Engineering  
College of Engineering, Guindy,  
Anna University, Chennai-600 025.
