MIT Campus
6. Dr. N. Natchimuthu , Professor - Member
Department of Rubber and Plastics Technology
MIT Campus
7. Dr. K. Elangovan, Associate Professor - Member
Department of Rubber and Plastics Technology
MIT Campus

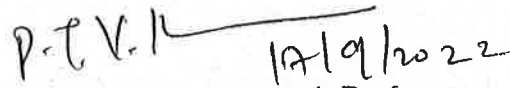

The Department consultative committee considered the long term internship undergone by the following Rubber and Plastics Technology students.

- Ms. N. Harini (2019508018) Ecole Polytechnique de Montreal – Montreal
- Thiru. R. Praveen Kumar (2019508037) University of Windsor – Windsor
- Ms. S. Sri Sahana (2019508046) McMaster University –Hamilton

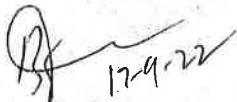

They have undergone MITACS Globalink Research Internship for 12 weeks from May 2022 to July 2022 with due approval from the Centre for Academic Courses, Anna University, Chennai. Their period of absence was considered as "On Duty", as a special case. As these students were unable to appear for the End Semester Examination held in June 2022 the Members of the Department Consultative Committee recommend conducting Substitute End Semester Examination for them. The Department Consultative Committee further requests the authorities to make necessary arrangements for conducting the End Semester Examinations.
